All service fees established under an exclusive contract for the collection of municipal solid waste by the Municipality shall be established by a resolution of the Municipal Board of Supervisors. Service charges so established shall be reviewed at least annually and adjusted as necessary to ensure that all costs involved in the collection and disposal of municipal solid waste under the exclusive contract, including the administrative costs of the Municipality, or its designated agent, are covered by the service charges.

§ 20-118. Violations and penalties.

Any person violating any of the provisions of this Part shall, upon conviction by a District Justice, be subject to a fine of not less than \$100 nor more than \$1,000, together with the cost of prosecution, or imprisonment in the Centre County Prison for a period of not more than 30 days. In addition to the foregoing penalty, the Municipality may require the owner or occupant of a property to remove any accumulation of waste as identified under § 20-114, and should said person fail to remove such waste after five days following written notice, the Municipality may cause the waste to be collected and disposed of with the cost for such action to be charged to the

owner or occupant of the property. Failure by the owner or occupant of the property to pay said charges within 30 days will result in a lien being filed against the property.

§ 20-120. Severability

Should any section, paragraph, sentence, clause or phrase of this chapter be declared unconstitutional or invalid for any reason, the remainder of this chapter shall not be affected thereby.
