#### Note:

- Traffic Stops may not include pre scheduled selective enforcement details where two or more police vehicles are assigned for specific enforcement purposes (such as Aggressive Driving Grant details).
- Criminal Arrests are the number of people arrested, not the number of charges, counts or cases cleared.

  These include arrests made at the time of the incident as well as those filed after an extended investigation.

### **Department Notes:**

- A 73-year-old woman was the victim of a scam. An unknown man called the
  victim claiming to be a representative from Apple Care. The suspect told the
  victim that her Icloud account and devices were compromised. The victim
  purchased 41, \$500 gift cards and provided the account number from each card
  to the scammer. It appears that the scammer is out of country.
- A 16-year-old male tried to attack his mother with a screwdriver. The teenager was charged with Simple Assault and placed in juvenile detention.

- A 63-year-old woman discovered unauthorized charges on her credit card. Her credit card account was used to purchase \$11,000 of merchandise. The credit card company was absorbing the loss.
- A 44-year-old State College woman was arrested on an outstanding Theft by Deception warrant from FTPD. She paid a business using a fake check.

### **Active Investigations (New)**

- A detective is investigating fraudulent charges on a resident's credit cards.
- A 43-year-old male reported that an unknown actor stole several of his credit cards and used them to make unauthorized charges. During the investigation, the detective determined that the cards were stolen from the victim while he was at his place of employment. A suspect has been identified and charges are pending.
- Detectives are investigating a possible theft. A woman is accused of stealing money from several of her disabled family members.
