IV. ORGANIZATION

1. 2022 Work Plans for Sub-Committee Members

V. UNFINISHED BUSINESS

1. CECIL IRVIN PARK UPDATE

Ms. Martin stated that Parks committee took comments to engineering, but due to time constraints a commitment agreed to meet in January. DCNR grant cycle is currently open. IF we can apply for the 2023 grant cycle we will. Ends in Mid-April. However, Work Estimates (done by staff) are still outstanding for the next phase up for funding. Look for possible updates on estimates in February. Feasibility of meeting the grant deadline should be known by then. Will have to go to Parks Committee first, then up for review by PGMSAP AC.

2. FLAGS/STREETLIGHTS UPDATE

Street light ornaments are in the budget and the Committee needs to decide what they want to see. Ms. Wargo contributed as an idea—the streetlight flags in Athens GA, they did a call to local artists to design flags for the four seasons.

Mr. Heller asked the Committee for their ideas on flags or other ornamentation. Mr. Robb suggested that the theme to be supportive of PGM and the SAP that would attract people to the space, development, influx of residents

Ms. Grove suggested that the logo could be a part of that process. Mr. Robb suggested to establish a budget. Ms. Allison Glenny suggested Hometown Heroes from Pine Grove Mills. Mr. Pribulka suggested scheduling this for a future discussion item.

3. BLUE HOUSE BY POST OFFICE UPDATE

Ms. Wargo said that it has been added to the Official Map.

4. PINE GROVE MILLS SMALL AREA PLAN IMPLEMENTATION UPDATE

The Committee divided up the Action Steps described in the Small Area Plan based on general categories. As a reminder, the responsibility of each “champion” is to oversee their respective categories and ensure the Action Steps are prioritized and implemented in accordance with the goals described in the plan document. The following are the assignments for each Committee member:

Land Use/Regulatory – J. Robb

Street parking with confusing signs. Suggests a parking count and marking spots. The idea being to identify all the parking, then we can review the zoning to allow for the development to include on street parking in parking counts. IE: applicant can include X number of spaces within X feet diameter of the proposed business.

1. How to get count done
2. How do we get stripping into budget?
3. Penn DOT/ Mobility Study outcomes.

Mr. Robb talked to another resident that had a problem with properties in the Village district that rendered the property undevelopable. Lot size, coverage, setbacks....

Community Engagement/Events – L. Grove

Ms. Grove reminds the group that the PGMSAP has a Facebook page, please send content to Ms. Grove or to Centrice Martin. Ms. Grove talked about an Explore Pine Grove Mills program. Mural, Branding program, flag logo.

History and Heritage – S. Holliday

Ms. Holliday met with Carolyn Donnelson after she presented to PGMSAP as a follow up. She has pitched the idea to the producers and would like to feature Pine Grove Hall. Could the group provide 24 stories? At least 2 other options to consider if unable to get 24 stories. 1. Provide the producers with excerpts of what each story is about or 2. Keystones: These are digital short stories that only requires 7 stories or “keystones”, which spotlight Pine Grove Mills.

Ms. Holliday mentioned the swift in trees as a story idea, the Pine Grove Hall/Tavern, The Naked egg... Ms. Holliday would like to start an excel spreadsheet on “stories”.

Ms. Grove mentioned that she has a PGM Community in Action Book. There are dozens of names of people that could offer excellent stories. Mr. Heller created the spreadsheet and shared it with the group. Ms. Holliday asked the committee members for other ideas and the group brainstormed several.

Mr. Tomkiel said Carol Ziegler would be good and there are a lot story tellers in PGM.

Ms. Holliday asked that everyone add a little excerpt into the spreadsheet.

A blurb can be placed on the Facebook page asking for stories. Collect stories for a week and refine in week 2. The more stories offered the better.

Public Infrastructure/Multimodal Transportation – P. Tomkiel

Mr. Tomkiel shared a map prepared by McCormick Taylor showing the existing parking. Their parking study shows underutilization of existing parking. Final report in late April, early May. Mr. Heller says that the map could be wrong and Ms. Grove concurred. Mr. Tomkiel says that the study would show that we need more parking in the center of town. First 1000' of Town center. There were three areas of primary focus for pedestrian safety.

1. Blinker light (3 concepts – show public)

2. Meckley Drive and Route 45, at the entrance to Hillside Farms. Acting as a gateway, a traffic circle would slow traffic down and offer a place to welcome motorists to Pine Grove Mills. There is currently ample right-of-way making it easy to install a full size traffic circle.

3. Near the lions club, another “Gateway”, install a median to slow people down coming into town.

There was a discussion regarding mass transit, currently there are 3 CATA stops that get used the most. In 2018, CATA cut a lot of service/ridership to PGM. Looking to bring this back as we come out of the pandemic. The study would like to add a stop near the post office with a stylized bus stop to improve aesthetics.

Economic Development – M. Heller

How can we improve the local environment for business in the Village.

- a. Bank Closure – Mr. Tomkiel said this could be a serious issue for local businesses.
- b. Scale appropriate economic development

Others offered to serve as “co-champions” for certain categories, as well. Chair Heller created a web tracker to assist the Committee in its implementation. A link to the web tracker is provided below.

7	Add 26 "corridor"/ shared use path	Noted.	This is on the existing OM as a proposed bike facility.	PC in agreement to change symbology.
8	Is shared use path along W College golf course guaranteed public access? Who has the agreement? Put on OM for easement acquisition.	The June 2001 easement between the Pennsylvania State University (Grantor) and Ferguson Township (Grantee) which is recorded in Centre County creates a permanent easement for the purpose of installing, maintaining, repairing or replacing a bike path, as well as accessory improvements. The easement is for the general purpose use of the public and the right-of-way shall be used as a public right-of-way for non-motorized vehicular or pedestrian traffic. The easement states in the event the construction of highway projects or other Grantor development require relocation of the easement, the Grantor shall have the right to relocate the bike path provided the Grantor will be responsible for all costs of relocation and construction. Grantor will in advance of relocation notify Grantee and will consult with Grantee concerning the location and configuration of such relocated easement. The easement constitutes a permanent easement running with the land, binding upon the subsequent owners of the lands.	None.	PC in agreement with action.

9	Bike path by West College golf course should continue as a shared use path along W Campus Drive.	Where the Blue and White Trail Shared Use Path terminates at White Course Drive it is a designated bike route along West Campus Drive, not a shared use path to Duff Drive. W. Campus Drive isn't located within the Township.	No Action.	PC in agreement with action.
10	Add a shared use path along Corl AND/OR Shared use path on Buckhout.	Buckhout isn't located within the Township.	No action.	Planning Commission has safety concerns in locating a shared use path along Buckhout and Corl. PC in agreement with action.
11	Add WRRP-Musser connector.	Noted.	It is currently on the OM.	PC in agreement with action.
12	What is the proposed facility along 45, on bike route G, right through PGM? Do we want to put it on OM? W Ferguson is a MAJOR cycling area- look for connections.	The proposed facility is identified as a recommended bike corridor in the 2015 Centre Region Bike Plan. The Plan does not distinguish the type of bicycle facility as facility type is determined as part of the project development process. It is shown on the existing Official Map as a proposed bicycle facility.	None.	PC in agreement with action. West FT is difficult to connect to the rest of the Township because of the conserved farms. PC recommended referring these concerns to the County Agricultural Land Preservation Board.
13	Look at TSD for needed connections. Look at PGM for needed connections.	Noted.	Added to PC work program.	Planning Commission recommends including Calder Alley on the OM.
14	Look at connectors between schools and parks.	Noted.	Added to PC work program.	

15	The LRTP includes a list of priority pedestrian/bicycle improvement projects and estimates of cost for these improvements. Are they all on the OM?	The Centre County Long Range Transportation Plan (LRTP) 2050, adopted in September 2020, includes a list of bicycle and pedestrian projects without costs estimates. The aspirational list of projects is not part of a fiscally constrained project list. Three of the nineteen bicycle and pedestrian projects are located in Ferguson Township: Centre Region Bike Plan, Northland Area Mobility Study, and Pine Grove Mills Small Area Plan Improvements. The 2016 Centre Region Bike Plan was reviewed as part of the 2017 Official Map Update. Bike Plan facilities that were proposed along low volume residential streets were removed from the Ferguson Township Official Map as part of the 2017 update.	Review the Northland Area Mobility Study and Pine Grove Mills Small Area Plan to confirm all projects are shown on the Ferguson Township Official Map.	PC in agreement with action.
17	Please consider adding private land parcels (not for acquisition, just noting the conservation easement like we did with ag easements):	Staff needs more clarification.		
18	In the Scotia Barrens conservation Project and in the Barrens to Bald Eagle Wildlife Corridor.	The Barrens to Bald Eagle Wildlife Corridor is located in Halfmoon/Patton Townships. Staff needs more clarification. Confirm that Barrens are in State Game Lands 176. If so, the game commission has control over this area.	None.	PC in agreement with action.

19	Milesburg to the Brick Town Trail and State College to the Lower Trail. These connections are crucial links in a potential larger network of rail trails and shared-use paths connecting all of Pennsylvania—with Centre County as an important intersection.	This is a critical statewide connections.	None.	PC in agreement with action.
20	The Lower Trail, a 16-mile rail trail, is acquiring right-of-way to extend to Hollidaysburg. Blair County has plans to continue it to its western edge, where in the future it can connect to the Ghost Town Trail, eventually extending to Pittsburgh	This is a critical statewide connection located in Blair County PA.	None.	PC in agreement with action.
21	The Bellefonte Central Rail Trail will connect to the Bellefonte-Milesburg Trail, which could eventually extend to the Brick Town Trail, the Bald Eagle Valley Trail, and the Pine Creek Rail Trail. A future Penns Valley Rail Trail could connect to the Buffalo Valley Rail Trail and eventually the D&L Trail in Wilkes-Barre	These are critical regional connections outside of Ferguson Township and will be referred to COG and Centre County for consideration as part of future plans.	Refer comment.	PC in agreement with action.

22	<p>These connections are the only two sections of trail in Centre County not yet studied which are necessary for this potential network. The connection to the Brick Town Trail could travel on Old Curtin Road until its terminus at the active Nittany and Bald Eagle Railroad, which it could follow to Curtin Village. The connection to the Lower Trail could use the Lewisburg and Tyrone Railroad from the Penn State Blue Course or from a future bike path on Old Gatesburg Rd to Pennsylvania Furnace, where it would leave Centre County.</p>	<p>The Brick Town trail is located outside of Ferguson Township. A connection from the existing Bike facility on Pine Hall Road to the Huntingdon County line should be evaluated.</p>	<p>Evaluate a proposed bicycle facility for the Ferguson Township Official Map.</p>	<p>PC in agreement with action.</p>
23	<p>In Huntingdon County, it could continue along Spruce Creek (preferably) or PA 45 (likely because of right-of-way) to the town of Spruce Creek. From there it could travel with PA 45 over the Juniata and under the PA mainline railroad and follow the tracks, or use Farm Rd and a new bike/pedestrian bridge across the Juniata to the disused Spruce Creek Tunnel, then through Barre and Alexandria to the Lower Trail.</p>	<p>This is a critical statewide connection located in Huntingdon County.</p>	<p>None.</p>	<p>PC in agreement with action.</p>
