3. **A PUBLIC HEARING ON A RESOLUTION OF THE TOWNSHIP OF FERGUSON, CENTRE COUNTY, PENNSYLVANIA AMENDING THE FERGUSON TOWNSHIP PERSONNEL POLICY MANUAL BY AMENDING SECTION 34, DRUG FREE WORKPLACE.** 5 minutes

Narrative

Provided with the agenda is a copy of the resolution as advertised for public hearing amending the Township's Drug Free Workplace Policy and the Drug & Alcohol Testing Policy. The policies are included with the Personnel Policy Manual and apply to Non-Uniformed Personnel. The purpose of the amendment is to address permissive use of medical marijuana as provided for in the Pennsylvania Medical Marijuana Act adopted in 2016. Per the statute, Township personnel required to possess Commercial Driver's Licenses may still be prohibited from using

marijuana for medicinal or recreational purposes. Law enforcement officials are prohibited from using medicinal marijuana by the Municipal Police Officers' Education and Training Commission. The Commission has adopted a guideline establishing that it will not certify law enforcement officers under PA Act 120 who have been prescribed medical marijuana. Under the policy, the only personnel permitted to use the substance would be those non-uniformed, non-CDL employees who have been duly prescribed the medication and who provide proper notification to the Township. In addition, minor changes were also made to the Drug & Alcohol Testing Policy to be in compliance with the Federal Motor Carrier Safety Administration. Both policies as redlined and final formats have been provided with the agenda, as well.

Recommended motion: That the Board of Supervisors adopt the resolution amending the Ferguson Township Personnel Policy Manual by amending Section 34, Drug Free Workplace and Section 35, Drug & Alcohol Testing Policy.

Staff Recommendation

That the Board of Supervisors **adopt** the resolution.

4. DISCUSSION OF AMENDMENTS TO THE FERGUSON TOWNSHIP OFFICIAL ZONING MAP.

15 minutes

Narrative

The Board will recall that amendments to the Zoning Map were initially discussed as part of the overall changes being made to the Zoning and Subdivision and Land Development Ordinances. However, after some thought about potential changes to the Village District; rezoning parcels located in Rock Spring; and potentially rezoning certain areas of Rural Agricultural inside the Regional Growth Boundary on property owned by Penn State University, the decision was made to delay the approval of the amended Zoning Map until further discussion takes place. The Board is asked to begin discussing these changes now and establish a desired timeframe in which to proceed with the amended Zoning Map. Ms. Aneckstein will introduce the item and briefly review the notification and advertisement requirements of the Pennsylvania Municipalities Planning Code. Below is a link to the currently-adopted Official Zoning Map of Ferguson Township. The last amendment to the map was made on January 21, 2019, to establish the Sourcewater Protection Overlay District.

LED Lighting – An Old Innovation Gaining Popularity

LED Highway Lighting Illuminating the Road Ahead

A bright, well-lit roadway can contribute to motorist and pedestrian safety by shining additional light on changing traffic conditions that could otherwise go unnoticed until it is too late.

Lighting on Pennsylvania roadways is transitioning from High-Pressure Sodium (HPS) lights to Light Emitting Diode (LED) lights to make them brighter and safer for motorists and pedestrians alike. LED lights have an estimated 20-year life with a 10-year manufacturer guarantee, require less maintenance and are about 30 percent more energy cost efficient than HPS lights. LED lighting specifications were added to PennDOT's Publication 408 *Specifications* in 2016 and, since that time, an estimated 10 percent of PennDOT's highway lighting has been converted to LED.

LED lights are brighter than the HPS lights and make the roadways safer for motorists and pedestrians. Slide the yellow circle left or right to compare LED lighting (left) to traditional HPS lighting (right).

2018 STIC Year End Report

Innovation in Motion Ferguson Township, Centre County

LED lights are also proving beneficial for local municipalities, including Ferguson Township (Centre County), where LEDs were installed at four of the township's 20 signalized intersections. According to Public Works Director David Modricker and Township Engineer Ron Seybert, the township's main reasons for installing LED lights included less maintenance and cleaning, more evenly distributed light, and less energy consumption.

"The experience so far has been very positive as the township has not had any LED failures, and there have been no citizen complaints," said Modricker, "in fact, we are so pleased with the early results that we are now planning to convert the rest of our overhead lights and signal heads as well."

Subject: Drug Free Workplace	Date of Adoption: April 20, 2015	Section	Page No.
Employees Affected: Non-Uniform	Date of Revision:	34.0	34-1

DRUG FREE WORKPLACE POLICY

1. In accordance with the Drug Free Workplace Act of 1988, the Township is mandated to establish a policy consistent with provisions of the Act regarding a drug free workplace.
2. It is the policy of the Township of Ferguson to prohibit and deem unlawful the manufacture, distribution, digestion, possession or use of a controlled substance in the workplace as defined by Section 102 of the Controlled Substance Act (21 U.S.C. 802). Employees engaging in such unlawful acts shall face appropriate personnel action up to and including termination in accordance with Section 29 of the Personnel Policy.
3. All employees shall be provided a copy of this policy and the Drug Free Workplace Act of 1988. New employees will be required to acknowledge this policy and to abide by the terms of the policy.
4. Any employee who is convicted of any criminal drug related crime occurring in the workplace shall notify the Township Manager in writing of the violation no later than five (5) calendar days after such conviction.
5. The Township shall be required to notify the appropriate contracting State or Federal agency in writing within ten (10) calendar days after receiving notice from the employee of the violation, or conviction, of the drug related crime.
6. The Pennsylvania legislature passed the Pennsylvania Medical Marijuana Act in 2016, legalizing the use of medical marijuana within the Commonwealth under certain limited circumstances. As a result, the Township recognizes the lawful right to utilize medical marijuana outside of the workplace and under certain limited circumstances, if lawfully certified to do so and pursuant to the provisions stated herein. However, marijuana remains an illegal Schedule I controlled substance under Federal law, including Federal Motor Carrier Safety Administration regulations. As a result, all use or possession of marijuana in the workplace, whether medicinal or recreational, is strictly prohibited. Furthermore, use of marijuana is prohibited in all circumstances for Township CDL drivers and law enforcement officers, including off duty medicinal use provided for under state law.

If a Non-CDL/Non-law enforcement employee receives certification as a licensed user of medical marijuana in the Commonwealth, the employee must notify the Employer of the certification, or updates to any certification, and provide a copy of the certification immediately. After notification, the Employer will meet with the

employee to discuss the parameters of the employee's usage of medical marijuana, compliance with Township policies, and the employee's ability to perform duties in a safe and efficient manner. The employee's job functions will be a factor in such discussion. For example, the Pennsylvania Medical Marijuana Act provides that patients may be prohibited by an employer from performing any duty which could result in a public health or safety risk while under the influence of medical marijuana, and may be prohibited from performing any task deemed to be life threatening. Under the Act, a patient also may not perform any job duties at heights or in confined spaces, while under the influence of medical marijuana. The Employer will also determine whether the medical condition which necessitates the usage of medical marijuana constitutes a disability under Americans with Disabilities Act, thereby requiring an interactive discussion of the employee's ability to perform job functions and any potential reasonable accommodations.

While the Pennsylvania Medical Marijuana Act has legalized the usage of medical marijuana for certified medical use, the Township is not required to accommodate the use or possession of medical marijuana on the property or premises of any place of employment, nor is the Township mandated to allow an employee to be under the influence of medical marijuana while in the workplace, or work while under the influence of medical marijuana when the employee's conduct falls below the standard of care normally accepted for that position. As such, all employees, whether certified as a user of medical marijuana or not, are subject to the prohibitions in Section 29 of the Personnel Policy.

7. In lieu of or in addition to appropriate personnel actions, the Township Manager, or his designee, may require an employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement or other appropriate agency.
8. The Township of Ferguson has in place an Employee Assistance Program that includes assistance to those employees with drug and alcohol problems. The program is available through the Center for Mental Health, located at 3939 South Atherton Street, employees may call (814) 867-0670.

No CDL driver shall be on duty or operate a commercial motor vehicle while the driver possesses alcohol.

No CDL driver shall use alcohol while performing safety-sensitive functions.

2. Types of Testing

A. Pre-Employment

i. All applicants for CDL driver positions must submit to a pre-employment drug and alcohol test. An applicant for a CDL position who tests positive for the presence of drugs or alcohol, as regulated by this policy and FMCSA regulations, will not be considered for employment with Ferguson Township.

ii. Applicants for CDL driver positions shall consent and authorize Ferguson Township to obtain information from their prior employers for the prior three years, as set forth in FMCSA regulations.

iii. An applicant for a CDL driver position will not be considered for employment if Ferguson Township is notified that the applicant has tested positive for either alcohol or a controlled substance, or has refused to be tested, within the preceding three years, or refuses to consent to authorize Ferguson Township to obtain the information.

B. Random Testing

i. Each year, Ferguson Township will use a random process to select at least 50% of its CDL drivers, who will be tested for the use of controlled substances. Additionally, each year 25% of its CDL drivers will be randomly tested for alcohol use. Drivers selected on a random basis for testing will be required to supply a urine sample for controlled substance testing and submit to a legally accepted test for alcohol. Random testing is performed pursuant to FMCSA regulations.

C. Reasonable Suspicion testing

i. Reasonable suspicion testing is performed when supervisors have reasonable cause to suspect an employee of drug or alcohol use. The conduct necessitating testing, if at all feasible, shall have been witnessed by at least two supervisors. However, if only one supervisor is available, only that supervisor need witness the conduct. Each Supervisor will receive training in the detection of probable drug and alcohol use by observing a driver's behavior. Specific reasons for reasonable suspicion testing include

physical evidence of illicit substances, patterns of erratic or abnormal behavior, disorientation or confusion, and an inability to complete routine tasks.

D. Mandatory Post-Accident Testing

i. CDL drivers will provide urine specimens for drug testing as soon as possible after a commercial vehicle accident, but no later than thirty-two (32) hours after the accident.

ii. Drivers must be tested for alcohol as soon as possible after a commercial vehicle accident, but no later than eight (8) hours after the accident. A driver shall not consume alcohol until he has been tested, or after the eight (8) hour period.

iii. An accident is defined as involving the following with a commercial motor vehicle:

- 1) A vehicle related fatality is involved; or
- 2) The driver receives a citation under state or local law for a moving violation, and:
 - a) Bodily injury that requires a person to be transported away from the scene for medical treatments, or
 - b) Damage to any vehicle that requires the vehicle to be towed away from the scene by a tow truck or another vehicle.

iv. If, as a consequence of an accident, a driver is seriously injured and cannot provide a specimen at the time of the accident, he/she must provide the necessary authorization for obtaining hospital records and other documents that will indicate whether there were any controlled substances or alcohol in his/her system at the time of the accident.

E. Return To Duty Testing

i. If Ferguson Township in its discretion, offers a CDL-driver re-employment after the driver has been referred to an alcohol and substance

abuse professional and the CDL-driver has undergone all recommended treatment, the driver must successfully complete a test for alcohol and/or drugs prior to being returned to duty. The driver will pay for all costs related to the Return of Duty Testing.

F. Follow-Up Testing

i. Any CDL-driver who has returned to duty after a positive alcohol or drug test will be subject to unannounced follow-up tests for a period not to exceed sixty (60) months. There will be at least 6 follow-up tests given during the first 12 months. The driver will pay for all costs related to the Follow-up Testing.

G. Refusal To Test

i. Refusal to submit to the types of drug and alcohol tests employed by Ferguson Township will be grounds for refusal to hire CDL- driver applicants and to terminate employment of existing drivers. A refusal to test is defined to be conduct that would obstruct the proper administration of a test. Refusing to sign step 2 of the alcohol form is considered a refusal to test. A delay in providing a urine, breath, or saliva specimen could be considered a refusal. If a driver cannot provide a sufficient quantity of urine or breath, he/she will be evaluated by a physician of the Township's choice. If the physician cannot find a legitimate medical explanation for the inability to provide a specimen (either breath or urine), it will be considered a refusal to test. In that circumstance the CDL-driver has violated one of the prohibitions of the regulations.

3. Test Procedures

A. Drug Urinalysis

i. Drug testing will be performed through urinalysis. Urinalysis will test for the presence of drugs and/or metabolites of the controlled substances outlined in this policy.

ii. The urinalysis procedure starts with the collection of a urine specimen. Urine specimens will be submitted to a Substance Abuse and Mental Health Services Administration (SAMHSA) - certified laboratory for testing. As part

of the collection process, the specimen provided will be split into two vials: a primary vial and a secondary vial. The SAMHSA - certified laboratory will perform initial screenings on all primary vials. In the event that the primary specimen tests positive, a confirmation test of that specimen will be performed before being reported by the laboratory to the MRO as a positive.

iii. All laboratory results will be reported by the laboratory to a Medical Review Officer (MRO) designated by Ferguson Township. Negative test results shall be reported by the MRO to Ferguson Township. Before reporting a positive test result to Ferguson Township, the MRO will attempt to contact the driver to discuss the test result. If the MRO is unable to contact the driver directly, the MRO will contact the program coordinator designated in advance by Ferguson Township, who shall, in turn, contact the driver and direct the driver to contact the MRO. Upon being so directed, the driver shall contact the MRO immediately or, if after the MRO's business hours and the MRO is unavailable, at the start of the MRO's next business day. In the MRO's sole discretion, a determination will be made as to whether a result is positive or negative. If, after failing to contact the MRO after 5 days, or if the driver cannot be contacted at all within 30 days, the MRO may verify the test as positive. After any positive verification the driver may petition the MRO to reopen the case for reconsideration.

iv. Pursuant to DOT regulation, individual test result for driver/applicants and drivers will be released to Ferguson Township and will be kept strictly confidential unless consent for the release of the test results has been obtained or if disclosure is authorized or required by law. Any individual who has submitted to drug testing in compliance with this policy is entitled to receive the results of such testing upon timely written request.

v. An individual testing positive may make a request of the MRO to have the secondary vial tested. The secondary vial must be tested by a different SAMHSA - certified lab then tested the primary specimen. The individual making the request for a test of the second specimen must pre-pay all costs associated with the test. The request for testing of a secondary specimen is timely if it is made to the MRO within 72 hours of the individual being notified by the MRO of a positive test result.

The confirmation test will be performed no sooner than 15 minutes and no later than 30 minutes following the completion of the initial test. In the event the confirmation test indicates an alcohol concentration of .02 to .0399, the driver shall be removed from duty for 24 hours without pay. A. Pre-Employment

i. All applicants for CDL driver positions must submit to a pre-employment drug and alcohol test. An applicant for a CDL position who tests positive for the presence of drugs or alcohol, as regulated by this policy and FMCSA regulations, will not be considered for employment with Ferguson Township.

ii. Applicants for CDL driver positions shall consent and authorize Ferguson Township to obtain information from their prior employers for the prior three years, as set forth in FMCSA regulations,

B. Random Testing

i. Each year, Ferguson Township will use a random process to select at least 50% of its CDL drivers, who will be tested for the use of controlled substances. Additionally, each year 25% of its CDL drivers will be randomly tested for alcohol use. Drivers selected on a random basis for testing will be required to supply a urine sample for controlled substance testing and submit to a legally accepted test for alcohol. Random testing is performed pursuant to FMCSA regulations.

C. Reasonable Suspicion testing

i. Reasonable suspicion testing is performed when supervisors have reasonable cause to suspect an employee of drug or alcohol use. The conduct necessitating testing, if at all feasible, shall have been witnessed by at least two supervisors. However, if only one supervisor is available, only that supervisor need witness the conduct. Each Supervisor will receive training in the detection of probable drug and alcohol use by observing a driver's behavior. Specific reasons for reasonable suspicion testing include physical evidence of illicit substances, patterns of erratic or abnormal

F. Follow-Up Testing

i. Any CDL-driver who has returned to duty after a positive alcohol or drug test will be subject to unannounced follow-up tests for a period not to exceed sixty (60) months. A refusal to test is defined to be conduct that would obstruct the proper administration of a test. Refusing to sign step 2 of the alcohol form is considered a refusal to test. A delay in providing a urine, breath, or saliva specimen could be considered a refusal. If a driver cannot provide a sufficient quantity of urine or breath, he/she will be evaluated by a physician of the Township's choice. primary vial and a secondary vial. The SAMHSA - certified laboratory will perform initial screenings on all primary vials. In the event that the primary specimen tests positive, a confirmation test of that specimen will be performed before being reported by the laboratory to the MRO as a positive.

iii. All laboratory results will be reported by the laboratory to a Medical Review Officer (MRO) designated by Ferguson Township. Negative test results shall be reported by the MRO to Ferguson Township. Before reporting a positive test result to Ferguson Township, the MRO will attempt to contact the driver to discuss the test result. If the MRO is unable to contact the driver directly, the MRO will contact the program coordinator designated in advance by Ferguson Township, who shall, in turn, contact the driver and direct the driver to contact the MRO. Upon being so directed, the driver shall contact the MRO immediately or, if after the MRO's business hours and the MRO is unavailable, at the start of the MRO's next business day. In the MRO's sole discretion, a determination will be made as to whether a result is positive or negative. If, after failing to contact the MRO after 5 days, or if the driver cannot be contacted at all within 30 days, the MRO may verify the test as positive. After any positive verification the driver may petition the MRO to reopen the case for reconsideration.

iv. Pursuant to DOT regulation, individual test result for driver/applicants and drivers will be released to Ferguson Township and will be kept strictly confidential unless consent for the release of the test results has been obtained or if disclosure is authorized or required by law. Any individual who has submitted to drug testing in compliance with this policy is entitled to receive the results of such testing upon timely written request.

v. An individual testing positive may make a request of the MRO to have the secondary vial tested. The secondary vial must be tested by a different SAMHSA - certified lab then tested the primary specimen. The individual making the request for a test of the second specimen must pre-pay all costs associated with the test. The request for testing of a secondary specimen is timely if it is made to the MRO within 72 hours of the individual being notified by the MRO of a positive test result.

FINANCE COMMITTEE

COG Building - Forum Room

Thursday, October 10, 2019

8:30 AM

AGENDA

1. CALL TO ORDER

Chairman Graham will convene the meeting.

2. PUBLIC COMMENTS

Members of the public are invited to comment on any items not already on the agenda (five minutes per person time limit please). Comments relating to specific items on the agenda should be deferred to that point in the meeting.

3. APPROVAL OF MINUTES

Enclosed is a copy of the minutes from the September 12, 2019 meeting.

4. MEETING DATE

The Finance Committee should consider rescheduling its Thursday, November 14, 2019 to the following week, Tuesday, November 19, 2019 at 8:30 AM, to allow for additional time for municipal review of the 2020 Summary Budget.

5. 2020 DETAILED BUDGET WRAP-UP SESSION

During the last two weeks, the Finance Committee conducted three special meetings with COG Agency Directors and Administration staff to review the draft 2020 COG Budget. The Committee agreed to commit its regular October meeting to serve as a “wrap-up” of outstanding budget questions. After the Committee reaches agreement on any revisions that may need to be made, COG staff will use the resulting budget estimates to accomplish the following:

- Prepare the “goldenrod” colored revision pages for the 2020 Detailed Budget.
- Prepare the 2020 Summary Budget that will be distributed to the General Forum with its agenda packet for the October 28, 2019 meeting.

Mr. Viglione will then review the notes from the budget review sessions and well as other changes that will have occurred during the budget review process (by way of example – the actual rates for employee health insurance will be available as will be the actual cost for conducting the fire study).

As of October 2, 2019, the changes to the Detailed Budget that the Committee has approved are:

- a) Parks Operating Budget: The start date for the new Parks Caretaker position would be delayed from about April 1, 2020 to about July 1, 2020.
- b) Parks Capital Budget: Reduce municipal contributions by the \$5,000 that had been designated for the purchase of a used vehicle.
- c) Millbrook Marsh Nature Center Capital Budget: For grant application purposes, the municipalities pledge \$75,000 for 2020 and 2021 and \$50,000 for 2022 for the construction of the Phase II Spring Creek Education Building Project. These funds will not be transferred to the Budget until such time as the grant(s) are approved and the project is moving to construction.
- d) Regional Parks Capital: Remove the proposed \$30,000 allocation for the irrigation system at Whitehall Road Regional Park.

The Finance Committee asked staff to prepare a comparison of how employee/employer health insurance costs are shared among the municipalities and the COG. At the meeting the HR Officer will present the information collected to date.

The Finance Committee voted down a request to decrease the building permit fee multiplier from .0055 to .005 by a 2-4 vote (Yeas – College Township, Patton Township; Nays – State College Borough, Harris Township, Ferguson Township, Halfmoon Township).

In addition, the Finance Committee has requested a future agenda item to discuss how various aspects of the Administration budget are funded.

The Finance Committee members should express issues or concerns that were missed in the meeting notes or the Finance Director's comments. In addition, the Committee should identify remarks that it wants to share with the General Forum. Following this discussion, the Committee should confirm the changes that are to be made to 2020 Detailed COG Budget.

Based on the Committee's recommendations the following actions will occur:

- Goldenrod Budget sheets will be prepared and distributed to each individual who has received a copy of the Detailed Budget. These sheets will identify the changes endorsed by the Committee.
- A 2020 Summary Budget will be prepared based on the Detailed Budget as endorsed by the Committee.
- The 2020 Summary Budget will be forwarded to the General Forum with its agenda packet for the October 28, 2019 COG Forum meeting.
- The Committee Chair will prepare an introduction to the General Forum for the 2020 Detailed Budget.

After the Finance Committee completes its review of the 2020 Detailed Budget, consideration should be given to approving the following motion and referring it to the Executive Committee:

“That the General Forum receive the draft 2020 Summary Budget for the Centre Region Council of Governments and refer it to the municipalities for consideration; and, furthermore, that comments be referred to the COG Executive Director by 8:00 AM on November 19, 2019 (see agenda item #4) for distribution to the Finance Committee.”

Please remember to bring your draft 2020 Detailed Budget to the meeting.

6. MONTHLY REPORTS

Copies of the September 2019 voucher report are **enclosed** with this agenda. To proceed, the Committee should consider the following motion:

“That the Finance Committee approves the September 2019 voucher report for the Centre Region COG.”

Copies of the September 2019 COG financial reports (electronically, only) are also enclosed. If the Committee has any questions about the items in these reports, please let Finance Director Joe Viglione (jviglione@crcog.net or 231-3062) know as soon as possible so that the information can be researched prior to the next Committee meeting.

7. OTHER BUSINESS

- A. Matter of Record - COG Staff has been in touch with Mr. Chris Gibbons of Concord Public Financial Advisors, Inc. about the outstanding Pools and Regional Parks loans. At this time, based on the available information, the most prudent course of action is to revisit the refinancing/renegotiating concept at a later date. Staff and Mr. Gibbons agreed that it was a good idea to continue monitoring the

interest rate market and to talk again in February 2020 as more information becomes available.

- B. Matter of Record - COG Staff is in the process of opening an investment on behalf of the Centre Region Parks and Recreation Authority to accept the donation of a stock gift. Upon receipt of the donation, Staff will sell the stock and move the proceeds to the Parks bank account.
- C. Matter of Record - Staff has reached an agreement with Marco Technologies to lease a copier for a period of 60 months. The existing copier purchased from Nittany Office Equipment will be moved to the Parks offices on Sandy Drive.
- D. Matter of Record - The following is an update of the status of planning and evaluation studies currently underway at the COG.

	Planning Activity	Status
1	Update Personnel Policy Handbook	This project is complete.
2	Parks and Recreation Regional Plan	This project is well underway - The Steering Committee is reviewing the first drafts of the Plan. A public forum on the plan is scheduled November 14 at 7:00 PM in the SCASD High School. The Plan should be presented to the General Forum during its January 27, 2020 meeting.
3	Study of Regional Fire Protection Program	Bids for this project are due October 8. The draft Detailed Budget allocates \$50,000 for this project.
4	IT Study	Due to staff limitations this project will not go forward in 2019 but will be carried into 2020.
5	Code Software Study	The Working Group for this project has met four times and has identified four options that will be considered in more detail.
6	COG Facilities Evaluation	This project should continue to move forward during 2020. The draft Detailed Budget allocates \$30,000 for this project.
7	Executive Director Recruitment and Screening Committee	The Recruitment Committee expects to have a consultant selected to conduct the hiring process by the end of October.

8	Solar Power Purchase Agreement Working Group	The Committee discussed the RFQ/RFI/RFP process, the allocation of costs associated with the process, and the desire to expand the Working Group beyond the Centre Region and inviting all municipal entities within Centre County to participate. The Detailed Budget allocates the COG share as \$4,000 for this project.

8. ADJOURNMENT

**Manager's Report
October 21, 2019**

1. A meeting of the selection committee for the Executive Director of the Centre Region Council of Governments was held on October 15th. The Committee is currently in the process of interviewing consultants to perform the executive search and recruitment. A successful consultant will be selected by the end of October, and it is anticipated that the entire recruitment and selection of the next Executive Director will take approximately 90 days. As a reminder, I am the Ferguson Township representative on the selection committee.
2. Attached to my report is a letter of appreciation from First Night State College for the Township's sponsorship of one ice sculpture for this year's event.
3. The Ferguson Township Parks and Recreation Committee met on October 14th at 6:00 p.m. Topics discussed included a review of residents' concerns relative to the "no-mow" area in Cecil Irvin Park; a discussion of future meeting dates and times; and the replacement plan for a drinking fountain at Homestead Park.
4. The Township received its renewal information for its health insurance plan for 2020. I am pleased to report that our rates have decreased by 5.8% from our 2019 premiums. This is reflective of good utilization of the plan and the value the Township received from its membership in the Pennsylvania Municipal Health Insurance Cooperative. The Township is a member of a self-insured municipal cooperative that has kept rates stable and below national average.
5. A meeting of the Non-Uniformed Pension Advisory Committee was held on Tuesday, October 8th. At the meeting, the Committee voted unanimously to recommend approval of the draft investment policy statement for the plan. The investment policy statement will be in front of the Board of Supervisors for approval on November 4th. After that, the Committee will begin evaluating its fund lineup and recommending changes based on our consultant's input and the investment policy statement's objectives.

Dear Dave,

Ice is nice. It is a highlight of every First Night State College that attracts and delights the crowds. Even in this past year's warm, rainy weather, families were out with their umbrellas enjoying the ice sculptures and celebrating the New Year.

Your sponsorship of a First Night State College ice sculpture again this year helps to make this treasured community celebration of all that is possible in the New Year happen.

On behalf of the Board of Directors, staff, and volunteers who work year-round to produce First Night State College and the Central Pennsylvania Festival of the Arts, **thank you** for Ferguson Township's contribution of \$280 to sponsor a one-block ice sculpture for First Night 2020.

If you or anyone from the Township would like to get involved in the First Night efforts in some way, please let me know. We always welcome new volunteers that are in town for the holidays.

We could not do this wonderful community event without your generous support.

Sincerely,

Richard W. Bryant, Executive Director
