

# CONCEPT #2 – ENHANCED PEDESTRIAN CROSSING PINE GROVE ROAD AT ROSEMONT DRIVE

PINE GROVE MILLS MOBILITY STUDY

## Pine Grove Road Cross-Section with Enhanced Pedestrian Crossing

## Benefits

- Provides a crossing of Pine Grove Road adjacent to existing CATA bus stops, where pedestrians are known to cross.
- Designated and enhanced crossings gain the attention of motorists and promote compliance with “Yield to Pedestrian” rules.

## Description

- Add an enhanced pedestrian crossing of Pine Grove Road, with roadside signage, rapid flashing beacons, high-visibility pavement markings and overhead lighting.
- Add high visibility pedestrian crossing of Rosemont Drive, with signage and overhead lighting.
- Add concrete pads and transit amenities at existing CATA bus stops.

## Challenges

- Existing vehicle speeds near the intersection are high.
