# 2020-C18 SCIENCE PARK ROAD & SANDY DRIVE (NORTH) TRAFFIC SIGNAL CONSTRUCTION

**LOCATION:** Intersection of Science Park Road and Sandy Drive (North)

**PROJECT DESCRIPTION:**

This project involves the following scope of work:

- Acquire traffic signal easements.
- Install new traffic signal and coordinate with other signals on Science Park Road.
- Change lane use on Sandy Drive (both sides).
- Upgrade sidewalk ramps.
- Provide Accessible Pedestrian Signals (Audible device for visually impaired).
- Provide intersection lighting and remove existing street light owned by WPP.
- Restrict left turns from Sandy Drive (South) during peak periods.

There will be minor delays during construction, but one lane of traffic will always be open.

**SCHEDULE:** Construction is anticipated to occur:

Foundations, conduit, junction boxes, ramps – summer 2024

Signal poles, signals, lighting – winter 2024/2025 (6-month lead time for some equipment)

**CURRENT ESTIMATED COST:** \$600,000 (Budget = \$630,000)
