Note:

• Traffic Stops may not include pre scheduled selective enforcement details where two or more police vehicles are assigned for specific enforcement purposes (such as Aggressive Driving Grant details).

• Criminal Arrests are the number of people arrested, not the number of charges, counts or cases cleared. These include arrests made at the time of the incident as well as those filed after an extended investigation.

Department Notes:

- Officers arrested a 29 YOF on suspicion of DUI after striking a utility pole and causing a lane closure on W. College Ave for approximately 9 hours. There were no injuries.
- Officers responded to several crashes during this month. During one crash a tree came down striking and damaging a cruiser. At another crash a vehicle passed a cruiser and the box trucks roof was ripped off due to a low hanging power line crossing road. The parts of the roof just missed the officer working the crash. These incidents are reminders of the danger's officers face on the most routine of calls.

• Officer Will Daubenspeck graduated Harrisburg Area Community College (HAAC) Police Academy on Dec 12th. On Dec 20th he was sworn in as a Ferguson Township Officer and began his four-month field training program.

Investigations:

- Detectives are investigating a scam targeting an elderly couple that resulted in the loss of \$45,000.
- Detectives are investigating a reported burglary in which gaming devices were stolen from a college complex residence.
- Detectives are investigating a scam targeting an elderly male that resulted in the loss of \$240,000.

Community Relations:

- Ferguson Township hosted a training on Badge to Badge for police officers throughout the state. Badge to Badge is a Peer-to-Peer mental health program allowing officers to speak to other officers to assist with their mental health.
- This year, eight children from four families in Ferguson Township received gifts from the Shop with a Cop program. These funds were raised by efforts from Officers with help from the community.

Dear Ones,

From mid-September through mid-November of this year, I spent every Monday evening with local police-people at the Centre County Citizens' Police Academy, trying to understand, to feel, what their life is like, what motivates them, why they would choose to do something that you couldn't pay me enough to do.

The experience was a blessing --- eye-opening, heart-opening, thought-provoking. Breaking down my boxes of pre-conceived, simplified notions. Funny, sad and painful at times, forcing me to look at my ideas of how things "should be" vs. the reality of holed-up gun-men in Philipsburg, saving Nicole Albrino's life at the Ramada Inn and pulling an elderly woman from a burning house. Opinions and things they cannot say in public, much as it was when I was a corporate manager and had to keep quiet and take lumps in the court of public opinion. And the highest job rate of death by suicide in the nation. Perhaps, in the end, it boils down to concerns I have about **all** of our biases, for **all** of our mental health, and for our spiritual grounding.

Life is neither simple nor easy, though our logical minds try to make it so. It's complex and paradoxical. I deeply believe that we all want to be loved and respected, that none of us is the worst thing we've ever said or done, that we are all doing the best we can with what we have. Yet what we do has impact, regardless of our intent. These truths are evident in what's going on in myself and in the world, and were evident throughout the police academy.

There are pages more things I could say and so many questions I still have. And the poem below is my best shot at the essence of it all.

Logs and Specks: Reflections on Citizens' Police Academy

It's over. Eight weeks putting myself in someone else's shoes, the shoes of those who feel a calling to risk their lives while the rest of us flee to safety, who rescue dogs and go towards gun-men yet are oft' maligned these days, damned-if-you-do and damned-if-you-don't, usually but not always. "Tell your friends that we are people, too!" they said. Painful, poignant, sad that this is all they want, so obvious a truth when we're together. Yet they can be objects of our negative bias, which we denounce in them when the tides are turned. I feel grateful to and pained for them, grief for innocence and trust they've lost in dealing with the worst of what we do to each other as we act out our greed or pain or fear, our anger or have accidents. Would you choose that? Things are complicated, life complex, not simple as our lazy minds would have them be. None of us has perfect foresight, hindsight alone is 20-20. To be judged for what you did preparing for a violent Proud Boys that could have happened but did not, is to be caught between a rock and a hard place.

Not everyone should be police, that's for sure. Yet imagine the life we'd have without the best of them because the worst can be in each of us as our shadow.

"Us-them-us-them-us-them-US!" The tragic refrain of people bereft of spiritual vision, who've lost our hearts and our honest self-reflection.

When the log is burnt within my eye and turned to ash I once blind can truly see my neighbor's eye contains no speck

for the Light that shines from within the Void of the Cross is

Love without condition

Compassion without end.

In Peace, with Love and Namaste /|
