

Ferguson Township e-Newsletter:
INTRODUCING OUR NEW WEBSITE

October 2014

Dear Tonya,

Thank you for welcoming us into your inbox. Here is your October issue of the Ferguson Township e-Newsletter--a special edition dedicated to the benefits of your new website, which launches in the coming weeks. Here's a preview of just a few of the new site's many features and capabilities.

Doing business in the Township

Interested in starting a business in Ferguson Township? Want to learn more about what the Township, Centre Region, and Centre County offer for businesses of all sizes? If so, check out the new "Doing Business" page on the Township website. Inside you'll find the answers and resources you'll need to turn your idea into a thriving and profitable business. Information on Township ordinances, permitting requirements, commuting, commercial recycling, and much more will now be all conveniently located in one area.

How do I?

This new section will answer the most commonly asked questions about Township services and functions. Inside you'll find everything from how to volunteer to serve on a Township Authority, Board, or Commission to how to pay a bill and everything in between. This page is currently under construction but will be available when the site goes live this fall.

Coming soon: Development in the Township

Ever wonder what the "Development Proposal Under Review" signs you see around the Township are referring to? Soon you'll be able to find all the information you need about proposed development in one easy-to-use area of the website. "Development in the Township" will feature an interactive Google Map™ with links to detailed information on each proposed development. Using this great new tool, you'll be able to see exactly where the development is proposed, what type of development, who is developing the property, a proposed timeline, and much more. Look for this feature soon after the site goes live.
